1 SWISS NATIONAL PARK PROJECT www.nationalpark.ch

The Swiss National Park is a strictly protected wilderness where flora and fauna can develop freely and natural processes are allowed to run their course unhindered.
Offer see page 106

2 UNESCO BIOSPHERE ENTELEBUCH www.biosphaere.ch

Isolated moorland, dramatic karstic landscapes and breathtaking views: a mystical, colorful and soothing world that stretches for 400 square kilometers.
Offer see page 25, 70, 86, 88

3 WILDNISPARK ZÜRICH SIHLWALD www.wildnispark.ch

The Sihl Forest on Zürich's doorstep is Switzerland's first Nature Discovery Park, a delight to explore. At Langenberg, wild animals can be observed close-up. Zurich's Wilderness Park offers a unique combination of forest, wilderness and wild animals.

4 THAL NATURE PARK www.naturparkthal.ch

Deep gorges, sunny hills: In the Thal Nature Park the keen walker rejoices, wild animals and rare plants are native, and industrial history is alive. The Solothurn Jura chain is an excellent local recreation area.
Offer see page 112, 113, 127

5 BIOSFERA VAL MÜSTAIR www.biosfera.ch

A small, world-class valley: the landscape around the Convent of St. John, beside the Swiss National Park, has recently been declared a UNESCO Biosphere Reserve.
Offer see page 25, 70, 86, 88

6 ARGOVIA JURAPARK www.jurapark-aargau.ch

Gentle hills give way to precipitous rock formations and blossoming orchards: Besides this jewel of the landscape, the green treasure vault holds delicacies for the palate, an abundance of rock and much more.
Offer see page 127
