Summary

There is no summary for this item.

Description

This coverage contains all in the year 2000 additionally recorded GPS-Points..

Credits

There are no credits for this item.

Use limitations

none

Extent

There is no extent for this item.

Scale Range

There is no scale range for this item.

Hide Details for object MAIN_SNP_GEO.gps_gmk_point ▲

OVERVIEW DESCRIPTION ►

ENTITY AND ATTRIBUTE OVERVIEW Each geomorphological object is described by a set of four ID-numbers. FORM_ID is a unequivocal number, that is different for each geomorphological object. MATERIAL_ID describes the material of the geomorphological object. DYNAMIK_ID defines the geomorpho-dynamics of a geomorphological object. PROZESS_ID defines the geomorphological process, to which the geomorphological object belongs.

ENTITY AND ATTRIBUTE DETAIL CITATION The ID-key and system of the ID-numbers were described in the project report, that is available in the headquarter of the Swiss National Park.
